Re : Audit Opinion, Fuel Adjustment Factor Calculation May 2023

After examining a sample of invoices for May 2023 from your diesel suppliers, we advise that in our opinion the diesel buying prices for the weeks commencing 1, 8, 15, 22 and 29 May 2023 were all greater than the 1 September 2006 reference price. The magnitude of the difference was between 20 and 30% apart from the week of 15 May when it was 19%.

We confirm we have carried out this audit on prices excluding the Regional Fuel Tax introduced in 2018.

Yours faithfully,
GBG Audit & Risk
