

## **Operational Update**

## 17 April 2024

Terminal operations have remained busy this past week with several services operating outside proforma berth windows due to the impacts from weather events of last week, some operational challenges and ongoing delays to ship arrivals. We are continuing to prioritise those vessels arriving on window to target on window departures however please note schedules remain very fluid. Please continue to monitor vessel movements via our website www.poal.co.nz. Marine Services Operating well. **Road Services** – Terminal road operations working well with 25-minute average turn time.

Due to low demand for VBS bookings, Fergusson Container Terminal R&D will have **kiosk only operation** from 1900 Saturday to 0700 Sunday.

Trucking companies will need to ensure that any trucks arriving during the kiosk only operation time are:

- Containers are Express Pinned for use of the pre-gate kiosks located in the Fergusson truck park.
- Email Export Hazardous Certificates to Driver Assist before 1800 hours Saturday evening
- Supply their drivers with Hazardous Certificates for imports
- Are on time for their bookings

For companies running empties into Link please ask your drivers to use both entry lanes to avoid queues forming out onto Tamaki Drive.

Rail Services – Services running as expected.

Multi-Cargo (MC) Operations

**Berth and Yard Capacity** – Container/Bulk berths and yard currently at approx. 70% capacity, increasing to full capacity over the weekend

PCC Car volumes in the yard currently at approx. 25% capacity, increasing to approx. 60% over the next week.

**Road Services** – Container and Breakbulk R&D is well controlled. Car transporter operations are steady.

The Multi-Cargo truck grid is flowing well and is being managed accordingly. R&D service issues must be directed to the Shipping Line and their nominated

stevedore directly keeping our MC team in copy. Vehicle Transporters are encouraged to communicate with Multi-Cargo Ops for staging areas and any subsequent issues.

Additional reminder to all drivers: you must drive and operate to the weather conditions and adhere to the road markings/signs and wear a seatbelt.

## Ports of Auckland operational status:
