Dear Mr. Wray,

**Re : Audit Opinion, Fuel Adjustment Factor Calculation February 2021**

After examining a sample of invoices for February 2021 from your diesel suppliers, we advise that in our opinion the diesel buying prices for the weeks commencing 1, 8, 15 and 22 February were all less than the 1 September 2006 reference price. The magnitude of the difference was greater than 20% (but less than 40%) for the whole period.

We confirm we have carried out this audit on prices excluding the Regional Fuel Tax introduced in 2018.

Yours faithfully,  
**GBG Audit & Risk**
