

# Operational Update: Level 2.5

9<sup>th</sup> September 2020

Normal or nearly normal		Service degraded, some delays		Service severely degraded, major delays	
-------------------------	--	-------------------------------	--	---	--

<b>Overall status</b>	<p><b>Key points:</b> Please note that acceptance of import dechires to Link will remain suspended until berth windows are reinstated. We will continue to manage export empties based on agreed receival periods with our Yard Planning teams. As per usual we will liaise with Empty Carriers to meet vessel cut offs.</p> <p>Operations on 'ANL Emora' currently berthed at Bledisloe wharf were suspended shortly after 1630 hours yesterday due to a breakdown of the vessel's crane. We are waiting to hear from 3<sup>rd</sup> party stevedores as to when they will be able to resume operations. There are still a number of units to be discharged from the vessel. Please check PortConnect to determine if your container has been discharged. For reefer containers please contact Driver Assist Team <u>before</u> obtaining a VBS booking.</p> <p>A couple of reminders:</p> <ul style="list-style-type: none"> <li>• Anyone coming into the Road Office and / or using Automated lanes must be wearing appropriate PPE gear, this includes a mask if you are within 2 metres of another person.</li> <li>• If you have an export DG container to come into the port, please check POAL <a href="#">website</a> prior to delivery to the port. This is to ensure you're your current VBS booking is still within the allowable receival time appropriate for your DG class. If you need to change your booking due to a change in vessel ETA, please contact Driver Assist Team for assistance.</li> </ul>
<b>Marine Services</b>	All shifts covered. Pilot times may alter, but generally running to schedule.
<b>Container Terminal Operations</b>	<p><b>Berth windows and vessel schedules</b> – Berth windows remain suspended until we can clear the backlog. Vessels will be worked based on their arrival.</p> <p>Please see below the vessels scheduled to arrive over the weekend (note: this is an indication only and may change due to the current productivity levels):</p> <ul style="list-style-type: none"> <li>• <b>Currently alongside and working:</b> Navios Miami 154S' (NEASIA) &amp; 'Xin Zhang Zhou 039S' (CNS)</li> <li>• <b>Arriving Friday 11 September:</b> 'CSL Atlantic 185' (NZS)</li> </ul> <p>We will keep the <a href="#">website</a> updated with the most current information.</p>
<b>Labour supply</b>	- today we are operating with 4 cranes.
<b>Yard Capacity</b>	– yard capacity at Terminal approx. 94% <b>utilised</b> and will increase as we have heavy discharges off vessels over the next few days.

**Road Services** – R&D operations have been running well. In the last 24 hours we have delivered 525 import containers via road and 113 containers have been railed out. Average truck turn times have not exceeded 25 minutes.

Please see below demurrage LFD for various vessels that have been through the Terminal;

Vessel	Last Free Day	Last Free Time
KOTA EKSPRES 031S	08-09-2020	0600 09-09-2020
MAERSK INNOSHIMA 034N	09-09-2020	0600 10-09-2020

MSC BANU KE035R	11-09-2020	0600 12-09-2020

*Please note HAZ Storage is not covered by these extensions, as these containers must be prioritised for delivery. If you have a DG import container that has no pending clearances, please URGENTLY contact Driver Assist Team for assistance.*

If you have an export container that needs to be delivered to the port after the cut off, please apply for Late Receival approval through the Customer Service Team.

We are continuing to use both manual and A-Strad truck grids.

**Productivity** – we are still operating under reduced productivity levels as a consequence of staff adjusting to the situation and yard congestion.

**Rail Services** – working well

**Other** –

### Multi-Cargo Operations

**Berth and Yard Capacity** – Jellicoe berths will be 75% utilised throughout the week. Freyberg is currently discharging a bulk vessel and the triangle has emptied out. Freyburg yard capacity is approx. 90% utilised. Jellicoe yard capacity is 60% utilised which will increase as we receive for vessels over the weekend. Bledisloe is currently 50% occupied with ANL Emora containers. Export units were set to load today however unforeseen delays may impact their dwell time. Some ANL Emora units for AKL discharge are still onboard, please check PortConnect for the position of containers to determine if your container has been discharged.

We currently have 3 x PCC vessels scheduled this week commencing this afternoon, this will increase Bledisloe yard utilization to 80%. Bledisloe wharf utilization is increasing for container operations from today with a container vessel currently working.

**Road Services** - Container and Breakbulk R&D will continue to be busy for both receivals and deliveries. Vehicle deliveries are moderately busy following the two x PCC discharge operations from the weekend.

**Other** - COVID controls, including social distancing and masks (PPE) are expected. Observations will continue by POAL staff, coaching will be undertaken if expectations are not met.

**Friendly reminders:** A reminder - Customer Services enquiries should continue to be directed to [CustomerServiceC@poal.co.nz](mailto:CustomerServiceC@poal.co.nz) The team can be reached via their normal phone number: **09 348 5100 ext.1**.
