Re : Audit Opinion, Fuel Adjustment Factor Calculation August 2023

After examining a sample of invoices for August 2023 from your diesel suppliers, we advise that in our opinion the diesel buying prices for the weeks commencing 31 July and 7, 14, 21 and 28 August 2023 were all greater than the 1 September 2006 reference price. The magnitude of the difference was between 40 and 60%.

We confirm we have carried out this audit on prices excluding the Regional Fuel Tax introduced in 2018.

Yours faithfully,
GBG Audit & Risk
